

STOCKMAR lets children experience the world around them and even create their very own. This artistic process in turn helps improve children's mental agility and artistic abilities by promoting creative interplay between their senses and their power of imagination.

Artistic activity creates a sense of inner peace that serves as a contrast to the often one-sided, performance-based expectations children face in everyday life, thus art provides balanced development.

## STOCKMAR product range

For decades, the name STOCKMAR has stood for the highest caliber of art supplies. We take a comprehensive, smart approach to quality through: the careful selection of raw materials, first-class processing and our products' excellent color, paint and modeling properties. We believe that quality fosters artistic freedom which positively impacts individual development. We create exceptional products which support a rich, artistic experience—be it at home, kindergarten, school, or in a therapeutic environment.

- WAX CRAYONS
- COLORED PENCILS

- OPAQUE COLORS
- MODELING BEESWAX
- DECORATING WAX

## STOCKMAR MODELING BEESWAX

# STOCKMAR modeling beeswax

## Get to grips with the world

Kids love molding and kneading shapes—this kind of artistic medium lets them make the world their own. STOCKMAR modeling beeswax is the perfect material for this. It's highly versatile and clean. Though initially hard, the wax softens in warm hands: thorough kneading makes it soft so it lends its silky consistency to all kinds of shapes.

## 15 colors

- Basic and main range 6/12 tablets
- All colors available as individual colors

## Create with all the senses

Color matters—Johann Wolfgang von Goethe was well aware of this and the vibrant but harmonious color palette of all STOCKMAR products is based on his famous color wheel. The luminous, harmonious colors, the pleasant scent of beeswax and the act of working the wax with your hands makes creating shapes with STOCKMAR modeling beeswax a truly rich experience of the senses. Kids and adults alike enjoy the relaxed atmosphere that modeling creates.

## High-quality and long-lasting

STOCKMAR modeling beeswax was developed in close cooperation with education specialists. This high-quality material speaks to all of a child's senses and creates new artistic freedoms. Unlike soft clay which eventually turns hard and, later, brittle, modeling beeswax forms retain their shape, color and sheen—and can easily be reshaped as desired at a later date.
